**Setts**

Each piece of Cobble Sett undergoes our aging process to create a soft distressed finish. The rustic and worn edges create a quaint feel which makes a beautiful addition to any garden.

Cobble Setts beautifully enhance the classic charming olde worlde Cobble paving range. However, combined with the elegant sophisticated Strathmore paving will produce a striking wow factor.

Whether used as a decorative border around other pavers or on their own to create a bespoke feature our Cobble Setts will transform any driveway or outdoor entertaining area.
